

Dear Applicant

Thank you for your interest in one of the graduate entry teaching programs at the University of New England.

You must complete this form and attach it to your application for admission.

How do you know whether you are qualified to teach in a primary school or secondary school discipline area or not?

Overarching Guidelines: Secondary

Applicants' undergraduate (and appropriate postgraduate) studies must include study in a designated area related to a school subject (first designated area), as follows: a minimum of six sequential trimester-long units of discipline knowledge in a designated area (equivalent to a minimum of three academic years of study in the designated area). This equates to six units, with not more than two at first-year level and no fewer than two units at third-year level. A second designated area, if studied, equates to four units, with not more than two at first-year level.

For overseas applicants, in cases where Australian studies are specified for admission to a graduate entry program (eg Australian music), determination may be based on equivalent qualifications.

Applicants' undergraduate (and appropriate postgraduate) studies must permit study of at least 24 credit points in curriculum methods units, with the exception of students who undertake 12 credit points of study in curriculum methods units in Computer or Agriculture only.

Applicants who are 12 credit points short of meeting the prerequisite for a specific curriculum unit may be permitted to enrol in that specific curriculum unit provided they enrol concurrently in the appropriate prerequisite unit or units. All prerequisites for specific curriculum courses must be passed prior to or concurrently with Master of Teaching (Secondary) candidature. If undertaking the upgrade pathway, students can undertake 12 credit points as discipline units within this degree if the units can be undertaken at postgraduate level.

Curriculum Specific Guidelines for First Designated Teaching Area can be found at the following website <https://my.une.edu.au/courses/2015/courses/MTCHSC>

Overarching Guidelines: Primary

A candidate shall hold an AQF Level 7 Bachelor degree or an AQF Level 7 Bachelor degree and an AQF Level 8 or 9 postgraduate qualification, with a GPA of at least 3.50 in which they have completed the equivalent of one full academic year or 8 units of study in a discipline area or discipline areas relevant to one or more of the Primary Key Learning Areas (KLAs) <https://my.une.edu.au/courses/2015/courses/MTCHPM>
